

Prolotherapy Success Story

Name: _____

Date: 11/15/05

Briefly describe your condition and life prior to Prolotherapy:

For 23 yrs I had chronic headaches, severe at times continuously for weeks or months at a stretch. Could still function, but it took most of the enjoyment out of life.

Please share any successes you've had with your condition as a result of your Prolotherapy:

Haven't had a headache in 2 months. Head feels near perfect almost all of the time. Neck feels stronger. Can lift a little more weight. I'm very pleased with results thus far. I feel 90% cured.
