PROLOTHERAPY SUCCESS STORY

Name: [Redacted]  Date: 11/8/08

Briefly describe your condition and life prior to prolotherapy:

I was having extreme pain in my shoulder while pitching or even doing day to day activities.

Please share any successes you’ve had with your condition as a result of your prolotherapy:

Since prolotherapy I have had less and less pain in my shoulder and now I am pain free, while pitching or doing any other daily activities.
